

Health & Safety Measures:

Below are the instructions that we are following as per the law:

Post Pandemic classification:

- Following WHO mandated safety measures & directives (as well as DHA directives)
- Daily wipe down of high contact surfaces with disinfectant wipes & chemicals
- Disinfecting of high contact surfaces after every trip
- Proper & safe removal of trash after trips
- Boarding passes have been discontinued (this is a risk even if cleaned regularly)
- Permanent disinfectant for kiosk team due to high customer contact & cash handling
- Avoiding unwanted contact with Guests
- Daily wipe down of life vest with wipes
- Regular washing of life vests (already started since outbreak)
- Disinfectant spray onboard ALL boats for wipe downs
- Crew/Guide: personal hygiene practice such as using hand sanitizer, after each guiding stop (if & after using Guest devices- DHA mandated)
- Guest water bottles disposed even if not used (will not be put back in cooler box)
- Special instructions to staff to improve personal safety (reduce exposure to risks) & sanitation standards.
- Separate fund for control measures (chemicals & equipment). Receipts marked for purpose.
- Zero Panic, 100% prevention.
